That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, diver compaint, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, mame or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affectious by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hirre, of the Univ. of Pa. Prof. Filney Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Checimanti; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. John M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional calorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisoneus or harmful agents and no alcohol-chemically pure, triple-relined glycerine being used instead. Glycerine is entirely anobjectionable and besides is a most seful ingredient in the cure of all stometh as well as bronchial, throat and

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature unionbeedly has a vegetable remedy to relieve every aliment known to man, if physicians can but find Nature's way to bealth. And this is strikingly true with regard to Constitution. The bark of a certain tree in California—Cascam Sagrada—offers a most excellent aid to this end. But combined with Egyptian Seina, Slippery Rim Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Billousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and attisfying.

Swettenham's Version Asked.

The British Colonial Office is in pos ession of official advices from Sir Alexander Swettenham, Governor of Jamaica concerning the exchange of letters between himself and Rear-Admiral Davis, but the extent of these advices, and whether or not they contain an explanation, an apology or extenuating cir-cumstances, has not been disclosed.

The Imperial authorities requested the Governor of Jamaica to send them a copy of his letter to Rear-Admiral Davis which has been furnished. The Secretary for the Colonies, Lord Elgin sent a second cablegram to Governor Swettenham asking him to give his version of the aflair, and to this no answer yet has

been received.

The fact that Governor Swettenham wrote the letter to Rear-Admiral Davis having been established, there remains only to determine the official formalities, and the indications are that the matter will be handled through the usual diplomatic channels and that the correspon-dence will be made public in a blue

Discussion of the incidents disclose-the fact that the British view makes a clear differentiation between Governor Swettenham's opposition to the presence of a foreign force on Jamaican soil and his manner of expressing this opposition. What the British government and people now condemn is the tone of the letter to Rear-Admiral Davis, the foreign office having declared that there was "no exbaying declared that there was "no ex-cuse for such language from an official to the officer of a friendly nation engaged in a work of humanity," and the press and public are adopting a substantially similar view. But on the question whether or not Governor Swettenham was justified in asking Rear-Admiral Davis to withdraw his armed forces from the island, British opinion inclines to hold that Governor Swettenham acted clearly within his rights, although many persons contenu that the abnormal conditions should have induced the governor to waive the usual requirements, if, as is supposed Rear-Admiral Davis landed marines at Kingston without a specific request from the governor.

Suit Against Millionaire.

After striving for months to keep from the world the fact that her domestic life had been wrecked, Mrs. Albert Edward Tower, the lonely inmate of the great Tower mansion at Poughkeepsie, N. Y., Tuesday afternoon acknowledged that her husband was the millionaire named by Lawyer Henry J. Hancock in the sensational suit he has just filed in New York against Mrs. Minnie L. Weis, a good-looking young matron of that city.
In his petition, which had been laid before Justice Leventritt, Hancock seeks to collect \$2,500, which, he says, Mrs. Weis owes him for his professional services in endeavoring to secure for her a divorce from her husband, Louis Weis, a rich Southern brewer, in order that she might be free to marry Albert Edward Tower as soon as he could succeed in ridding himself of his wife, who, as May Bogardus, was known as the "beau-

tiful telephone girl of Poughkeepsie."
Incidentally, Haucock alleged that, to his knowledge, the wealthy lover of Mrs. Weis had given her in the past few months cash presents amounting to nearly \$70,000, including one Christ-mas gift of 15 new one thousand dollar

Other and equally interesting developments are following fast upon the heels of Hancock's disclosure. Mrs. Weis, who has been living recently at the Hotel Belmont under the name of "Miss A. L. Weis," left her rooms early yester day and disappeared. Hancock, suddenly realizing what a tempest his suit had started, is in hiding until the at-

Capt. George Foster, of the United States Secret Service, who has been in Richmond a week endeavoring to ferret out the source from which the bills flowed into the city, said yesterday that the counterfeits are the most dangerous that have come under the observation of the department in several years. Captain Foster exhibited a stack of the bills, au accumulation taken up by him from the different banking houses that have been victimized or that detected and held the

Tortured Aged Hermit. A dispatch trom Eau Claire, Berrien

county, Mich., to the Detroit Free Press

"The body of Daniel Heaston, a hermit, was found late Tuesday night frozen in his own blood in a small hut near the house where Heaston had been living alone near Mud Lake. The shocking multilation of the body and other evi-de ces about the place led to the conclusion that the old man had been brutally tortured to make him reveal the hiding place of his money. Amputated fingers lay scattered about, and the appearance of a heavy rope and of a beam over which it hung, with marks on the victim's neck, indicated that he had been strung up to the rafter for a time. Apparently a blow on the head with a batchet had finally ended his sufferings. It is thought that the murderers secured the booty they sought, as no money was found in the place. Heaston inherited a considerable fortune several years ago, and had recently been displaying and spending his money quite freely. A posse and bloodhounds are searching for the murderers."
